

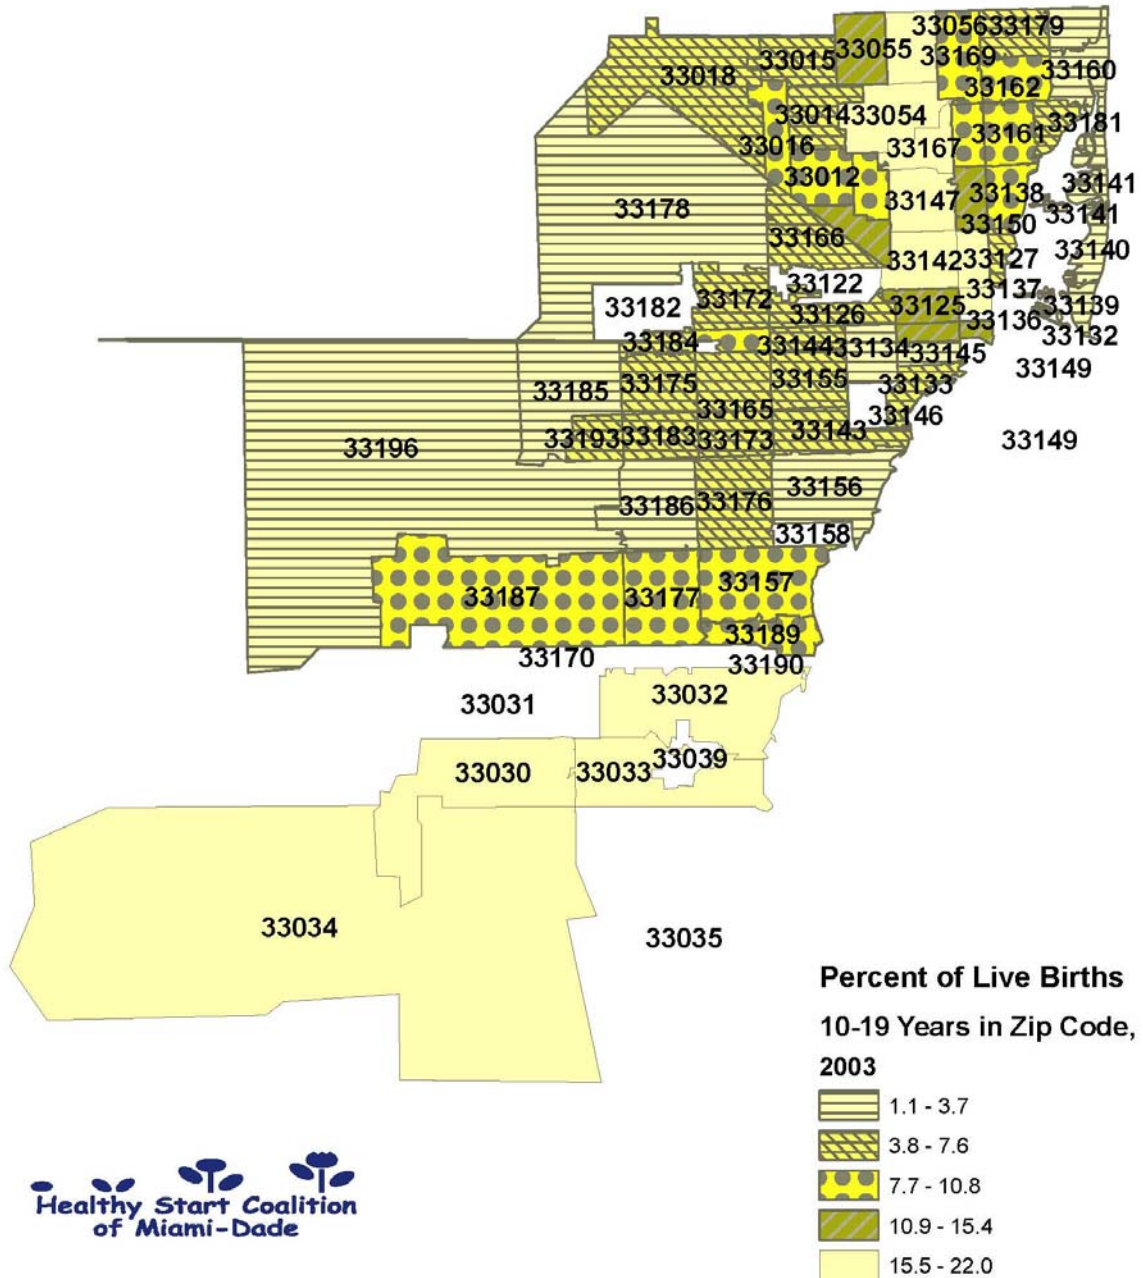

MAP II-4
Percent of Live Births to Teens, 10-19 Years by Zip Code
Miami-Dade Conty, 2003

Please note that data for the following zip codes have been omitted because the cell numbers for this risk factor were too small or the zip code areas had less than 200 births: 33031, 33035, 33039, 33109, 33122, 33128, 33129, 33131, 33132, 33146, 33149, 33158, 33170, 33182, 33190, and 33194.
