Healthy Start Coalition of Miami-Dade

The Healthy Start Coalition of Miami-Dade (HSCMD) is the lead organization in Maternal, Infant and Child Health. Our target population includes women of childbearing age, pregnant women and infants from birth to three years. Our primary goals are to reduce the rates of infant mortality, pre-term birth and low birth weight, improving women's health and pregnancy outcomes, promote the enhanced development of infants and toddlers, and improve the community's knowledge and awareness about our various services.

Healthy Start

Implemented on April 1, 1992, Healthy Start legislation provides for universal risk screening of all Florida's pregnant women and newborn infants to identify risk of poor birth, health and developmental outcomes. ALL pregnant women and infants are eligible to receive a FREE Healthy Start Risk Screen regardless of their socio-economic or immigration status. Healthy Start services include outreach, care coordination, childbirth education, parenting education and support, nutrition counseling, psychosocial counseling, tobacco cessation counseling, breastfeeding education and support, and interconceptional education and counseling.

MomCare

MomCare/SOBRA (Sixth Omnibus Budget Reconciliation Act) is a Medicaid waiver that provides insurance coverage to pregnant women whose household income is between 150% and 185% of the poverty guidelines. Clients referred to the MomCare Program are pregnant women who qualify for SOBRA. MomCare clients receive guidance selecting a prenatal care provider, scheduling prenatal care, and information about local programs.

HEALTH CONNECT

Funded by The Children's Trust, this voluntary home visitation program focuses on health, education, promotion and support to improve maternal health, pregnancy outcomes and child health and development. HealthConnect In The Early Years offers first time and teen moms free prenatal and postnatal home visits by Family Coaches, with the purpose of helping families achieve the best possible health and developmental outcomes.

Did You Know That …

There are approximately 31,000 live births in Miami-Dade County. The Healthy Start Coalition of Miami-Dade provides services to more than 28,000 Pregnant women and over 30,000 Infants in Miami-Dade County each year.

Women And Infants

We can help you and your family improve your quality of life. Our services are free of charge, accessible, and don't depend on your immigration status. Our services include childbirth, parenting & nutrition education, assistance for first-time and teen moms with the option of home visits, help finding a medical home, and more.

Professionals

We offer free professional development workshops for CMEs and CEUs year-round. We certify more childbirth, breastfeeding and parenting educators than any other organization in Miami-Dade County. Our staff can provide you and your staff a FREE orientation on our programs and services in your office.
